RTCC January Webinar

Commander Lara,

We missed you at our most recent webinar, **The Future of Policing is Real-Time**. Here's a quick recap of what we covered in this discussion:

- The imperative role that Real-Time Crime Centers (RTCCs) play
- Steps to develop a Level 1 Real-Time Crime Center – download the Ebook here
- How Tulsa PD overcame budget, personnel, and technology obstacles to successfully open their Real-Time Investigative Center last year, just in time for an unprecedented flooding event.

We also aired the final video to our four-part video series, "**The Future of Policing is Real-Time**" – watch here.

Want to see all the details in action? Access the event recording here: [LINK]

Stay safe,

The Flock Safety Team

Watch Recording

P.S. Don’t forget to register for our upcoming product launch on February 13th. You will hear firsthand from CEO Garrett Langley and VP of Product Abraham Alvarez on how Flock Safety is developing new technology to tackle challenges such as gaps in the 911 call response chain – register here.
